

MAKING HER  
OUT INSANE

Strong Statements to Save  
Mrs. Bradley  
IN BROWN MURDER CASE

Alienists Testified Today—Told How the  
Slayer of the Former Senator Was  
Abnormal and Not Re-  
sponsible.

Washington, D. C., Nov. 26.—Dr. Isaac Rich testified today that the Bradley trial opened this morning that he saw the defendant rush into the writing room at the Hotel Raleigh shortly before the shooting. Her face changed expression rapidly, and she laughed to herself. He said: "I thought she was a sort of a lunatic." Dr. Charles D. Hill of Baltimore of the alienists for the defense declared that the person described in the 13,000 word hypothetical question of yesterday was insane and unable to distinguish right from wrong. Cross-examination failed to shake the testimony of either physician.

Dr. W. M. Barton of the medical department of Georgetown university had testified as an expert. Dr. Barton diagnosed Mrs. Bradley's ailment as being puerperal insanity, caused by what he described as the continued assaults upon her nervous system due to the abortions which she had performed upon her. Explaining why he looked upon her as an abnormal woman, he said she was interested in things that do not usually attract women and instances that she was secretary of a political club as an evidence of her abnormality.

As has been the case thus far in the trial, she displayed much emotion upon hearing references to the love which existed between her and Brown as made known through their letters. While she shed no tears during the evidence, Mrs. Bradley frequently bowed her head and closed her eyes for long periods, being apparently oblivious to all that was going on around her.

The government intends to resell the lands to Germans. Speaking in defense of the bill Von Buelow said that Poland at present is a menace to Germanic security, harboring a body of subversive malcontents.

to Die Rather Than Face Charge  
of Obtaining \$5,000 on a For-  
ged Bill of Lading.

New York, Nov. 26.—Rather than face charges of obtaining \$5,000 on a forged bill of lading, Louis Straus, a mining broker, swallowed a quantity of poison at his home at 19 West 83rd street last night, and died a few minutes later. At the time two detectives from the district attorney's office were in the house and about to place Straus under arrest. When warned of his probable arrest, Straus declared that he would kill himself if an attempt was made to arrest him.

A complaint was made to the district attorney's office and last night two officers went to Straus' home where he lived with his wife and 15 year old daughter. Straus heard the officers announcing their errand to his brother, who opened the door. The mining broker hurried up stairs and secured a bottle of poison and swallowed the contents.

Straus' family said last night that he had lost about \$200,000 in the recent decline in Wall street and had been much depressed. The family said they knew nothing of his trouble over the loss from Asia.

95.4 MILES  
IN 28 HOURS

During It, Weston Took Only  
Two Hours Rest

## WAS A PHENOMENAL WALK

This 69 Years Old Man Was Completely  
Exhausted When He Reached Ches-  
terton, Ind., 50 Miles from  
Chicago, Today.

Chesterton, Ind., Nov. 26.—Edward Payson Weston, who is walking from Portland, Me., to Chicago, completed at 4 o'clock this morning the most remarkable walk of his journey. When he staggered into the Central Hotel and threw himself, without disrobing, on the bed, he had walked 95.4 miles since leaving Ligonier at midnight on Sunday. Throughout this 28 hours he had taken only two hours rest, snatched at La-  
Porte, Ind.

Weston is now almost sixty hours ahead of his record and unless something unforeseen happens will enter Chicago tomorrow morning. He left here shortly after 10 o'clock, and could complete the trip tonight, but he wishes to make a march up Michigan avenue in daylight. He will start at Hammond, Ind., or some town near by tonight, and start for Chicago early in the morning. He slept this morning with the stopper of absolute exhaustion. Pina could have been thrust into his body without his noticing the pain.

Weston was cheered by 2,500 persons in automobiles, carriages and on foot, when he entered LaPorte at 7:40 o'clock last night, feeling at that time fresh and strong, although having walked from Ligonier since midnight, a distance of 60 miles. He went immediately to the Tee Garden hotel, where he was given a rubdown, ate supper and rested. After a short nap he started again at 7:30 o'clock. On his first trip Weston arrived in LaPorte at 7:30 o'clock, November 26, Tuesday, and after spending the night at the Tee Garden hotel left at four o'clock Wednesday, November 27, for Chicago.

## ALBIN STARTS SUIT.

Asks Damages of Gale of Hinsdale For  
Malicious Prosecution.

Concord, N. H., Nov. 26.—General John H. Albin, the city has sued Fred C. Gale of Hinsdale, N. H., and Brattleboro, Vt., for \$3,000 damages, alleging that Gale maliciously prosecuted him (Albin) by bringing suit against him recently for slander. This suit, it will be remembered, was withdrawn after some sensational proceedings in connection with the taking of depositions. Robert C. Bacon of Brattleboro is counsel for Gale in the present proceedings, which are brought in the Windham county, Vermont court.

The suit is brought by General Albin through the law firm of Stickney, Sargent & Skeels of Brattleboro. The case has been in the Vermont court since the natural course of events be tried at the April term of Windham county court at Newfane.

General Albin alleges that he has been damaged to the amount of \$3,000 and he seeks to recover that amount with costs.

Gale furnished bail in the same amount, his counsel, Robert C. Bacon of this town, becoming surety. A citation was also served upon Gale, notifying him to appear at General Albin's office in Concord, Dec. 4, when several depositions in this case will be taken.

When Gale brought his suit against General Albin he charged General Albin with making to the New Hampshire board of license commissioners libelous statements about Gale's place of business in Hinsdale in order to influence the board against granting him a liquor license. Sensational disclosures were made in the taking of depositions and finally Gale withdrew his suit. As a result of the testimony, however, the Cheshire county superior court at Keene at the last term dissolved the Cheshire Express company with which Gale was connected and whose principal business was the transportation of liquor, abated the company's headquarters on the island opposite Brattleboro as a nuisance, and enjoined the owner of the property from allowing it to be used further in the liquor business, and the Cheshire county court at Newfane fined Gale \$1,000 for furnishing liquor in Brattleboro, and continued for sentence three counts for selling liquor to which Gale pleaded guilty, and which may be brought up at any time.

Man Fined.

St. Albans, Nov. 26.—There was a hearing yesterday before U. S. Commissioner Warren E. Austin in the matter of five Armenians, two men, one woman and two children, charged with being unlawfully in this country. It appeared that one of the men, Manouk Arten, lives in Montreal and was plotting the rest of the bunch into this country from Canada. The party had not paid the head tax of \$4 each and did not have clearance papers from the board of special inquiry in Montreal. Arten was fined \$50 and costs for his part in the affair and the rest of the party were last night taken back to Montreal, where they will go through the prescribed examination, pay the tax and will then be permitted to come along in regular form.

## SHE SUES FOR FINGERS.

Pretty Immigrant Girl Lost Them at a  
Summer Hotel.

Rutland, Nov. 26.—Miss Anna Shanahan, a pretty Irish immigrant girl of 18 years, brought suit against Michael Quinn of this city and Frank J. Quinn of New York, proprietors of the Mountain Springs hotel at Lake Dunmore, to recover \$25,000 damages for the alleged loss of practically all the fingers on her right hand while she was working in the hotel laundry August 12, 1907.

The girl claims that her hand was drawn into a "mangle" and, owing to the machinery being out of repair, was held fast for 20 minutes before the machinery could be stopped. Meanwhile her fingers were pressed against the hot steam box and so badly burned that the flesh dropped from three of them. The girl has been in the Proctor hospital most of the time since and she claims the heavy damages on the ground that she is disabled for life.

Miss Shanahan was given considerable publicity about a year ago in the newspapers when she came from Ireland to this country earning her passage by singing.

## DRANK IT FOR WHISKEY.

Michael Brougham of Bennington Swal-  
lowed Horse Liniment.

Bennington, Nov. 26.—The mystery over the death of Michael Brougham, who on the evening of November 15 staggered into the boiler room of the Vermont Horse & Machinery company's building here and died in a few minutes, has been cleared by the receipt of a report by State's Attorney W. J. McLaughlin from Dr. B. H. Stone, director of the state laboratory in Burlington.

The day following Brougham's death an autopsy was held by Dr. Stone, his assistant, Dr. L. P. Sprague, and a local physician but the examination revealed no cause for the man's death, the organs being in an apparently normal and healthy condition. The examination of the stomach at the laboratory showed evidences of chloride of zinc, one of the deadliest of poisons, and an analysis of a quart bottle of horse liniment, which Brougham must have taken for Whiskey, revealed the presence of the chloride.

Posses Is After the  
Robbers.

Monmouth, Ill., Nov. 26.—The States bank at Clinton was held up and robbed of \$2,200 in coin late yesterday by two men who in their escape it was just after closing time when the men appeared in the bank and with drawn revolvers forced Asst. Cashier William Argo, Cashier Murphy and Bookkeeper Young to enter the big vault which they locked. The bank of the money had already been placed in the currency safe in the vault and the time lock set, but \$2,200 in gold and silver remained on the counter. The robbers shoved in to a bag and took with them to the hotel Hudson, where they had previously engaged a room. They had arranged the money rolls that it could be easily carried and were just about to leave the hotel when officers learned of their presence and attempted to break in the door.

Before they suspected, however, the robbers jumped from a window on to an adjoining roof, taking only the \$700 in gold and leaving \$1,500 in silver in the vault. It was dark when the men escaped from the hotel and all traces of them was lost. A posse was organized and the country was scoured.

Before the highwaymen left the bank they called up the telephone operator and requested her to send some one to the bank and release the three imprisoned bank officials. Charles Parker, collector for the bank was the only person who knew the combination of the vault and after a short search he was found and hurried to the assistance of the imprisoned men. When Parker opened the vault door the three men were almost suffocated.

## BEAT HIS SCHEDULE.

Contractor Has Martin House Off the  
Street in Less Than 72 Hours.

By noon today the Martin house had reached the end of its journey to the lot opposite the Trow & Holden machine shop and this afternoon will be placed in position over the excavation for the cellar. The house was pulled out into the street at nine o'clock Sunday morning and the rest of that day was taken up in getting it straightened around and blocked up, ready to start down the street. Yesterday they got as far as the end of the pavement with it and this morning finished the short distance to the lot. By night the building will be entirely off the street.

The telephone company has been very fortunate with its wires, not having had to cut any of them until about noon today, so that this afternoon the telephones in the south end of the city will be out of use. The only hindrance to traffic of any importance happened this forenoon, when a heavily loaded six-horse stone team was stalled for a half-hour by one of the wheels dropping into a hole on the edge of the bank opposite the machine shop. The load was held up there until the building was pulled along a short distance so that the city roller could be run back over the sidewalk. The roller was then hitched onto the load and pulled it out.

The contractor beat out his allotted him of 72 hours by a good margin, the time not being up until about nine o'clock tomorrow morning. The house will set sideways on the lot, the front of the building facing the north side of the lot. An error was made yesterday in stating that the house had been built 30 years; it should have been 23 years.
